

Lexington Guerilla Minigolf Issue I: The North Side

Rules:

7-stroke limit.

Let faster players play through.

Don't run into traffic.

Don't trespass.

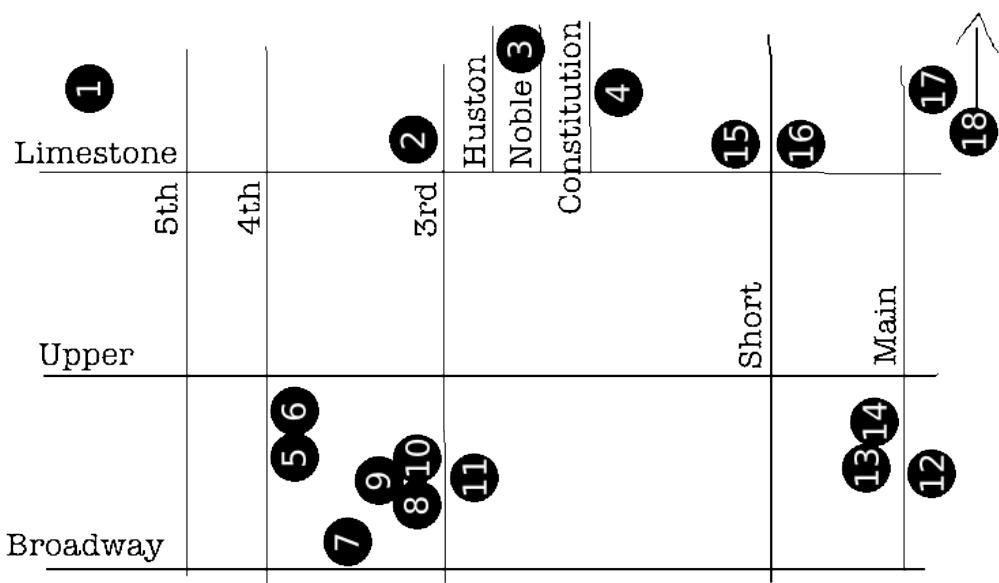

If you get kicked out of an area, take the stroke limit.

Don't do anything you don't feel safe doing.

In fact, don't play this game at all.

Let's call this whole thing satire. I'm not responsible for you getting in trouble.

Return my putters so others can play!

Hole 1:

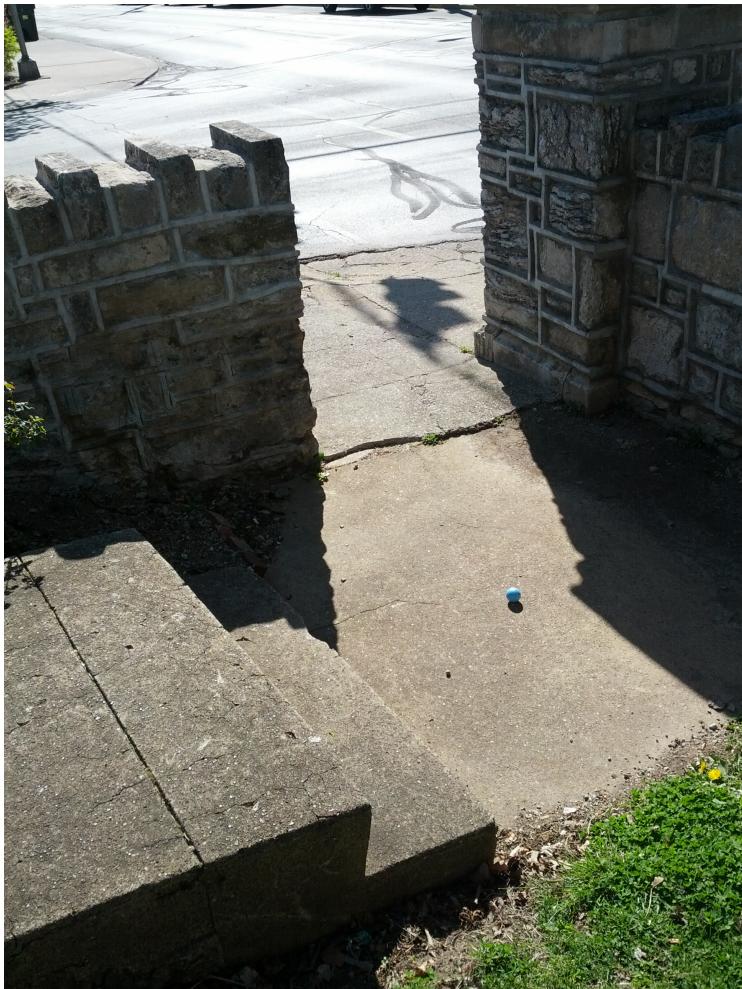

In Duncan Park, behind the building, there is a playground. About 2 feet from the bottom of the curvy slide, make a divet in the wood mulch. putt from the middle of the platform at the top of the slide, down the slide into the hole you made.

Par 3

Hole 2:

At the corner of 3rd and Limestone in front of The Carrick House there are two pillars on each side of the driveway. Next to the pillars there is a ~~side~~ walkway that turns onto the sidewalk on third St. It has 2 stairs. Follow the walkway a few yards past the top of the stairs and putt from behind the bush. Just make it down the stairs onto the square of walkway. Par 2

Hole 3:

~~Turn left on the alley blt from Limestone and about 1/2 a block down on the right is "Rachel's Garden." It's a nice little wood patio. The hole in the patio with the tree is your hole. Start putting from the far corner of the patio.~~

Par 2

Hole 4:

Go down Limestone another half a block to Templeman and turn left. Past the speed bump is a cross walk. That's where you're putting from. Further down Templeman on the right is some lighter pavement with some trash bins. There is a hole in the pavement. Good luck.

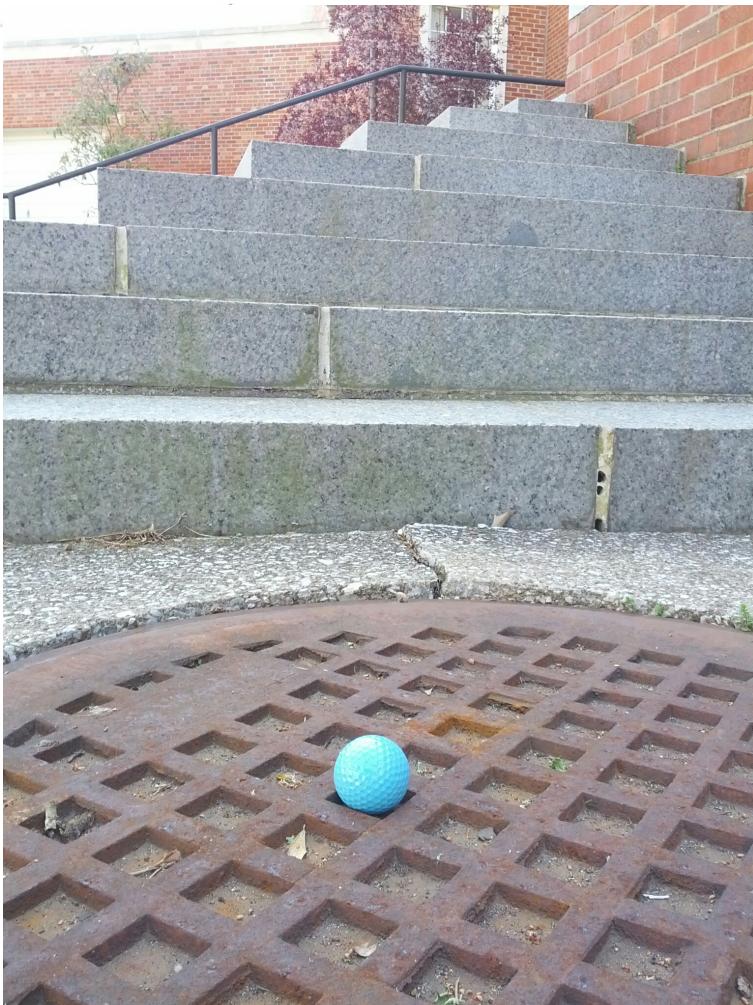

Par 5

Hole 5:

At the corner of 4th and Upper, on Transy's Campus is the Morlan Gallery (with the big stairs). From the top of the first set of stairs, putt down and to the left. You win when the ball rests on the man hole cover.

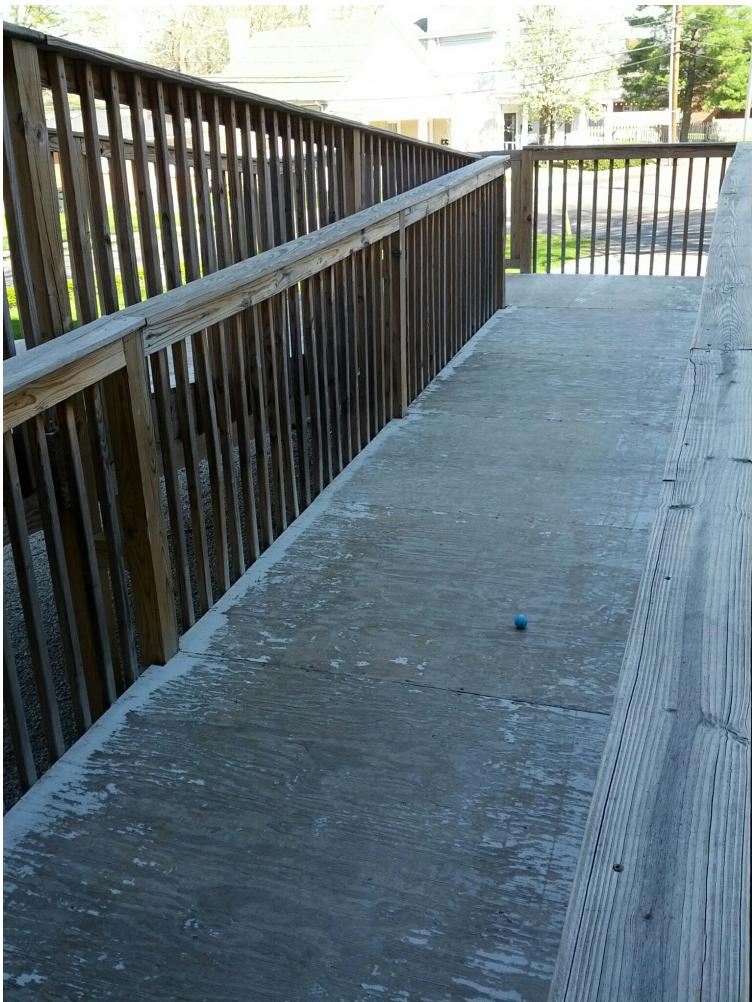

Par 4

Hole 6:

Don't go anywhere! The next hole is the Accessibility ramp to the right of the stairs in front of Morlan Gallery. Starting from the top, putt down all three sections of the ramp. If it falls take a stroke penalty and retrieve your ball with your putter.

Par 5!

Hole 7:

You know that busy crosswalk for Transy Students on Broadway? Right in front of that is the Haupt Humanities Building. It has a big staircase in front. The top of the staircase has a walkway under it. Starting from the top, putt your way down the stairs onto the drain underneath you.

Par 5

Hole 8:

From 3rd St. across from Gratz Park there is a Glenn Building. Go to the far side and there is a semi-circle patio. Starting from the outside door mat, putt through one of the 3 brick-shaped holes in the semi-circle.

Par 2

~~In front of Haupt Humanities Building~~
Behind

Sort of in the middle of Transy's campus (I guess, I didn't go here) There is a big circle of benches and in the middle is a concrete fountain-looking structure with Transy's seal in the middle. It looks like a fancy man-hole cover. Stand on a bench of your choosing and putt the ball onto the seal.

par 3

Hole 9:

Hole 10: Hole 11:

The next building (the really big staircase) is Old Morrison. This one is different. There is no hole. Starting from the top, putt down the stairs. Your goal is to hit every stair. For every stair your ball does not touch, add one stroke to your score. Hit every stair for a "hole-in-one"

par 4

Graetz Park! Starting from the walkway in front of the boobies fountain, putt around the water-hazard, to the left, behind the fountain and onto the water meter cover.

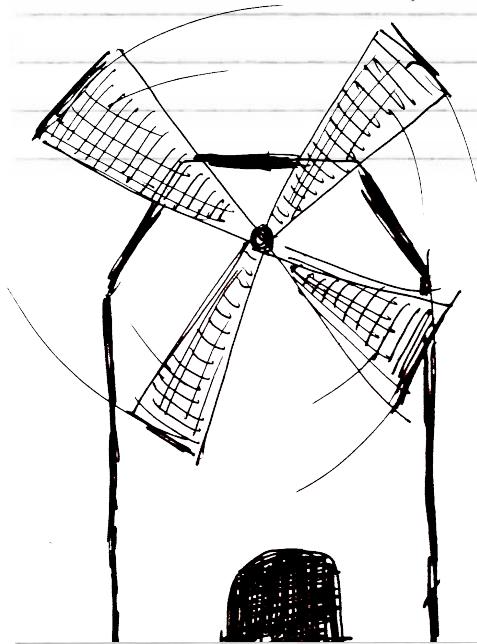

Par 4

Hole 12:

In front of Fifth Third Center there is a sitting area with 3 tables. Putt from the top of the steps onto the drain in the middle.

par 2

"The 5/3 Building as a Windmill" by N. Warner

Hole 13:

At the top of the steps to the old court house, go along the left side (if you're facing the court house). Putt from the drain near the front corner all the way down to the drain at the back-left corner, near the portable toilets. As long as the ball ends up touching the drain, it's good.

par 4

Hole 14:

In Front of the old courthouse, there is a doggy water fountain at ground level. Putt into that from the sidewalk near the light pole

Par 2

Hole 15:

Back on Lime stone, in front of the Court house, putt from the sidewalk into the fountain. It doesn't have to stay in the plexiglass circle in the center of the fountain, but it has to touch it.

WATER HAZARD!

Par 3

Hole 16:

Over at the Circuit Court, starting from next to the water fountain, land the ball on the "Hoe of KY" storm sewer cover across the front of the building.

Par 3

Hole 17:

In front of the library, start behind the eternal flame that does not have red bricks at the base. Putt around the first flame and stick the ball on any red bricks next to the other flame.

Par 3

no disrespect.

"A Putter with a Kentucky Shaped Head" by N. Warner

Hole 18:

You know how sometimes you don't get your ball back on the 18th hole? Go to the top of the Annex Garage on Main St. Putt down the spiral incline. This is more of a dare than anything. Get a hole-in-one just for doing it. Take 3 strokes if you're a wimp! Let your ball go. It's gone.

Par 1

Scorecard

Hole				Hole			
1				10			
2				11			
3				12			
4				13			
5				14			
6				15			
7				16			
8				17			
9				18
